

Submitter: Bob Cook

On Behalf Of:

Committee: Joint Committee On Transportation Reinvestment

Measure, Appointment or Topic: HB2025

Frog Ferry is a great idea. The water taxis in Boston and elsewhere are not only a beneficial traffic aid - they are a great draw for tourists. The last major upgrade to Portland's river front was decades ago. It's time for visionary ideas to come back to fruition and make Portland innovative again. Don't miss this option to enhance the river and all of Portland that contacts it. Act now and for the city's future!

Thank you,

Bob Cook
