Measure, Appointment or Topic: HB2025

My name is Nikki Morgan, and I live in Hines, Oregon. I'm writing to express my **STRONG OPPOSITION** to House Bill 2025. With the cost of living already straining Oregon families, this bill would make it even more difficult to get by. Raising gas taxes, registration fees, and payroll taxes will place an unfair burden on working families like mine. I urge you to **VOTE NO** on HB 2025 and instead focus on holding ODOT accountable and making better use of the funding it already has. What happened to 'of the people, for the people and by the people'? You all are supposed to be representing 'we the people' but voting for this HB 2025 clearly shows you are **NOT** thinking about the people you represent at all!!

Does this mean that if this HB 2025 goes through that "assistance benefits" will be increased to those who cannot afford these increases? If so, who is footing that bill????? The working 'We the people' ??? Please do your job as it should be done, as you've sworn to do "for the people" you represent!!!!
