

Submitter: Anna Ross

On Behalf Of:

Committee: Joint Committee On Transportation Reinvestment

Measure, Appointment or Topic: HB2025

As a new homeowner in St.Johns (who lives right next to the Columbia Blvd bridge) I urge this Committee to include the 5 million dollar funding to HB 2025. It is unacceptable to purposefully leave your constituents to die when the Big One hits. Our communities lives are more than worth this investment!
