

Submitter: Hal Lawson

On Behalf Of:

Committee: Joint Committee On Transportation Reinvestment

Measure, Appointment or Topic: HB2025

We the People have never approved a sales tax on top of our income tax. Beyond that the fees are ALREADY significant. Example: \$200 to license a old RV that is is only used on the roads in summer, occasionally. Our gas taxes are already high. The Texas State tax per gallon is only \$0.20. Instead of raising revenue, how about cutting expenses.
