Measure, Appointment or Topic: HB2025

Dear Joint Committee on Transportation Reinvestment,

I appreciate your work on HB 2025, with its focus on the Great Streets and Safe Routes to School programs and on improving wildlife crossings in particular. However, I hope you will consider increasing the level of funding for electrification programs and Community Paths. We need to ensure the availability of a range of transportation options needed for communities throughout the state.

Thank you for your consideration,

Bryant Robey
