On Behalf Of:

Committee: Joint Committee On Transportation Reinvestment

Measure, Appointment or Topic: HB2025

I am very opposed to this bill. The state of Oregon MUST provide audit of ODOT. Where does the money go in this state. I see unfinished projects and unnecessary projects. The roads are coming up in chunks. I see sides walks repaired in the middle of nowhere at round about where NOBODY walks. Again I opposed to this bill. Please leave some money in my pocket.
