SB243

Please stop the non stop attacks on your constituents, and please focus on mental health. Oregon needs to quit using the county jails as a mental health facility, but instead, even with overwhelming opposition, every year you attack law abiding citizens because of firearm ownership, which is protected but the US and Oregon constitution. Please look at the actual numbers, overdoses, car crashes, medical conditions, and medical mistakes for that matter. It appears you truly don't care for your constituents, Oregon has bigger problems than what rights this bill will take away from it's citizens. The financial burden this bill will bring is taking away from areas that need it most. Please join me in opposing SB243.
