Measure, Appointment or Topic: HB2025

My Name is Jeanne Blome from Dayton, Oregon. I am strongly opposed to HB 2025. Raising gas taxes, registration fees, and licensing costs amid a cost-of-living crisis is completely unacceptable. It actually hurts every person in Oregon especially the aged, poor and infirm, as well as working families. I reject any new taxes and I find this bill completely unacceptable. I encourage you to protect Oregon citizens by voting "No! on HB 2025."
