SB243

I absolutely oppose this bill. As a lifetime resident of Oregon, the rights and privileges I have enjoyed included responsible gun ownership. This has been a source of family-friendly bonding and kinship for all levels of our family. We have always put safety and good stewardship at the top of the list and have generations of responsible members. To infringe on the long lineage of responsible gun owners is simply wrong. We own guns from the vintage to the modern and none have been used irresponsibly, but rather for the simple, legal and ethical enjoyment of the generations. Again, I strongly oppose this and any other bill that would unjustly impact the generations of my family or others. Thank you
