

Submitter: LaNita Hafer

On Behalf Of:

Committee: Joint Committee On Transportation Reinvestment

Measure, Appointment or Topic: HB2025

Dear legislators,

I work for a small business in Washington County....Accounting for accounts payable and accounts receivable. The incredible amount of taxation this Oregon based business suffers is amazing. Family owned and operated,(30 years) they have not taken a full salary for over two years. The taxes continue to mount, especially on their vehicles, road tax, license, taxes, personal property, taxes, i.e. their business equipment, much less payroll, tax, CAT tax, and the Tri-County tax on every invoice in the area. They do good work and I hope they will be allowed to continue their business.

No no taxes, respectfully,

L. Hafer.
