

Submitter: Tuan Pham

On Behalf Of:

Committee: Joint Committee On Transportation Reinvestment

Measure, Appointment or Topic: HB2025

I have close friends who live in St. Johns, and I worry about their safety. Without a safe and reliable bridge out of the neighborhood, I'm deeply concerned about how they would evacuate in an emergency. Please support HB 2025 to help fund this critical repair. It's not just infrastructure — it's people's lives.

Thank you.
