My name is Richard and I live in Portland, Oregon. I'm strongly opposed to HB 2025. Raising gas taxes, registration fees, and licensing costs in the middle of a cost-of-living crisis is just unacceptable. This tax doesn't just impact people at the gas pump...people will be paying more for so many goods and service because companies like mine and so many others cannot absorb the added cost for fuel. The bottom line truth and reality is this bill punishes working families just trying to get by. This is a tax on the middle tax and the poor. I've had enough of putting more taxes on Oregonians! Let Oregon be Oregon! Stop trying to look like Washington and California!
