Measure, Appointment or Topic: HB2025

The proposal will devastate families & Oregonians. It will create choices between food, medicine, housing, etc. must need a vehicle to go to work & with additional costs they will have to cut other places. Why is it you only ask for more money & don't look at the money you gave already been given? I run a business & when things need support I dive into what I have & rearrange priorities . You have waste & abuse. Look there for resources. If you continue these taxes the people will change you're leadership.
