Committee:

House Committee On Rules

Measure, Appointment or Topic:

SB243

This bill will prohibit LAW ABIDING CITIZENS from their second amendment right to protect themselves by reducing the areas we can lawfully carry. These people that are breaking the law already won't care about breaking another law. The only people it will affect are us law abiding citizens. Those of us that do carry do so to protect ourselves, our families and others around us. When we carry, the world is a safer place. To think that passing this bill would make our state safer is completely ridiculous and will in fact make public spaces more dangerous.
