Committee:

Joint Committee On Transportation Reinvestment

Measure, Appointment or Topic: HB2025

Enough is enough. Democrats spend and spend and spend with zero to show for it. Oregon makes national news EVERY day for the most embarrassing things. As someone who was physically attacked inside my office in Salem, I am fed up with the drug ridden homeless. So now you plan on charging us MORE? For what? Your paycheck increases? I hope and pray Oregon is forced to go back to in person, with ID, voting. You want to balance a budget, stop using procurement departments for ever state department. Stop a 3 million dollar remodel on the second floor only of the state building I work in, when everyone works remotely. STOP WASTING MONEY!
