Measure, Appointment or Topic: HB2025

Hello,

I write today in support of the increased transit funding and the STIF program in HB 2025. The increased funding for the STIF program in this package will help prevent significant cuts to public transit service across Oregon.

I use Trimet bus and Max services to get to and from work, for shopping and recreation. Without this access I would have to move to a more expensive area and spend more time purchasing food and lose access to theaters.

While the funding proposed in this package is not enough to provide the additional transit service I would like to see, it will prevent Oregonians like me from being stranded without the transportation access I depend on. Please support HB 2025.

Sincerely,

David Regan
