Measure, Appointment or Topic:

SB243

I oppose this measure. I oppose any legislation that attempts to restrict our constitutional rights to make choices in how we choose to legally defend ourselves, family and the weak.

This measure circumvents the rights of businesses to conduct themselves in a profitable way they choose for items they manufacture.

This measure makes criminals out of Law abiding citizens. Don't you think that there are already enough criminals that currently exist? In addition, the costs and time involved in enforcement of such a silly law are going to be a burden on law enforcement agencies. These funds have to come from somewhere and in this economy, that is going to fall on us citizens. We don't need more taxes which this will create.

I oppose this measure on every level.
