Committee: Joint Committee On Transportation Reinvestment

Measure, Appointment or Topic: HB2025

VOTE NO on HB 2025!!!

HB 2025 is a devastating blow to Oregon's working families, seniors, and small businesses. This bill piles on crushing tax and fee hikes—gas taxes up 15 cents, doubled DMV fees, a 2% new car sales tax, and increases to car titles, driver's licenses, trip permits, and registration costs. Low-income families and fixed-income seniors, already stretched thin, will struggle to afford car ownership, a necessity in rural areas. Farmers, ranchers, and truckers face skyrocketing costs, threatening their livelihoods. Small businesses, the backbone of our economy, will be driven out by these relentless increases. Oregonians are overtaxed as it is—HB 2025 is a tone-deaf, regressive scheme that prices citizens out and punishes those who can least afford it. Kill this horrible bill now!]
