SB243

Strongly Oppose 243! Banning these devices will not reduce crime and will accomplish nothing but punish law abiding citizens and make those in support FEEL better. Stats shows these devices are NOT commonly used in crimes and are not contributing violence. Legislation and reduction of right are BIG DEALS and should be supported with OVERWHELMING evidence of the justification and efficacy. This has neither! Additionally, the CHL restrictions, which are not even mentioned in the description/summary, will additional not reduce crime. Once again, STATS show that CHL holders are not out conducting violent crimes.. Reducing their ability to protect themselves and requiring them to leave their firearm at home or locked in a vehicle in MORE dangerous than them carrying it these place this bill aims to "protect.". Please oppose SB 243.
