SB243

Im writing in opposition of SB-243. Despite what some people believe, it is against constitutional law at both the federal and state level to make a “ post ex facto” law that creates thousands of felons out of your non felon constituents/ citizens of this state for for possession of a legally purchased item, no matter what it is. Further sales might be prohibited, but making outlaws and felons out of people, as it is written in SB243 is the very definition of post X facto lawmaking and legislatively malfeasant. The taking of personal property through coerced legislation is mobsters do. I urge you to strike the Post X factor felony for possession portion of this bill as It is legislatively irresponsible to pass this into a law as written. Again you are by de facto creating felons and illegally stealing some people’s personal property. I urge you to vote no on this law as written. Thank you for your time.
