House Committee On Rules

Measure, Appointment or Topic:

SB243

Dear members of the committee, I oppose this measure for many reasons the first of which will be that it will make many citizens criminals with the stroke of a pen. A large majority of these citizens will not even understand that they have violated the law when it goes into effect because they will be unaware of what the law is or how it applies to them. The other reason I oppose that is that it will make zero difference on any type of "Gun Violence" these trigger devices are not used in crimes please look at statistics. And lastly, and most importantly, this measure violates Oregonians second amendment rights.

For all of those reason I implore you to vote no on this measure. Please do not make law, abiding citizens into criminals.

Respectfully

Sean Bernhardt
