

Submitter: Laura Miller

On Behalf Of:

Committee: Joint Committee On Transportation Reinvestment

Measure, Appointment or Topic: HB2025

As a world traveler and a family that lives in the Bridgeton neighborhood area, we think a ferry across the water an electric ferry would be a fantastic addition to our PORTLAND community. Please make sure it is funded properly. Countries all over the world have electric fairies along with fantastic bridges and tunnelsgoing under the water and over and trains. Let's let PORTLAND take the lead on this and make it happen. Thank you, Laura Miller.
