Oregon is in the top 5 of most taxed states in the country. With no results to show for all the excessive spending. You need to trim spending and cut heads in all departments instead of taxing the citizens. A road map to fix the incompetent ODOT without raising taxes has been presented to you by Republicans. I suggest you use it. I've been in 4 other states in the last 2 months, and Oregon's gas prices are at a minimum \$1.00 more than all other states. Oregon's government need to cut the fat, cut the crap and stop taxing us into bankruptcy.
