The increase in taxes proposed will hurt Oregonian's, and will raise the cost in every aspect of our lives. Oregon already has a high cost of living, these taxes will make it even harder for Oregonians to make ends meet. Our overall cost of living is higher than the national average don't burden Oregonians with an additional tax. What would benefit Oregonians more is accountability for the money already being spent, and eliminating wasteful spending. Elected officials continue to pass wasteful spending on to the citizens of this state. Enough is enough.
