

Submitter: Nita Orendorff

On Behalf Of:

Committee: Joint Committee On Transportation Reinvestment

Measure, Appointment or Topic: HB2025

Please don't pass this, working class Oregonians can't afford anymore taxes. My daughter needs a surgery but can't afford to pay the co-pay, and she works full time. With inflation and everything else, she's unable to even save any money and lives paycheck to paycheck. Please don't add anymore to people's burdens.
