House Committee On Rules

Measure, Appointment or Topic:

SB243

I Oppose SB 243, this does nothing to save lives or prevent crime but it does make law abiding citizens criminals, CHL holders already do background checks through FBI and are some of the best citizens you can have. More lives are saved by CHL holders than police because of the fact they can not respond fast enough.

Restricting them from carrying in a public building is insane because any building can be considered public

Bump stocks and Rapid fire triggers are not machine guns, they are tools made to enhance a gun for competition and disabled and no where in the constitution does it say we can not bear them.
