This bill is 100% Overreach on our constitutional rights that ARE protected under our constitution

SB 243 bundles numerous major gun control measures into one bill including a 72 hour waiting period, age restriction, rapid-fire device ban, and expanded gun-free zones. Also raising the age minimum to 21 which takes away constitutional rights of those adults 18-20, you know the ones that you allow to go into the military and risk their lives for this country while using weapons.

A mandatory 72-hour waiting period even after background checks have cleared makes zero sense. As a woman, a law abiding woman, if I apply for a gun purchase and pass the background check, I should be able to purchase at that time....all that does is put my life at risk for being able to lawfully defend myself if needed during that additional waiting period. It also will put financial distress on a majority of our community, citizens and business owners.

SB 243 in its current form is constitutionally a violation of our rights.
