

Submitter:

Kanna Hudson

On Behalf Of:

Committee:

Joint Committee On Transportation Reinvestment

Measure, Appointment or Topic: HB2025

I'm a registered voter and resident of the St. Johns neighborhood in Portland, Oregon. I am a mom with a young child in elementary school. Our community is unique in that we are connected to the rest of the region by bridges. As we all know, a catastrophic earthquake may devastate our region. If this happens, we will be trapped without access to emergency assistance and with no way out. Please provide the \$5 million needed to strengthen the bridges in and out of our community.
