Measure, Appointment or Topic: HB2025

As an Oregon disabled veteran I'm tired of Oregon governments spending problem. Learn how to balance the budget and stop robbing the tax payers to bail the state out because you think your better with my money than me. We are coming up on the 250 year of telling a king no more taxes. How far do we have to go before you listen to the tax paying citizens. We are not your servants YOU serve us.
