On Behalf Of: HB 2025
Committee: Joint Committee On Transportation Reinvestment
Measure, Appointment or Topic: HB2025

My name is Larry Haffner from Corbett, Oregon. I'm strongly opposed to HB 2025. My wife and I are in our 80s and living pretty much on a fixed income. Raising gas taxes, registration fees, and licensing costs in the middle of a cost-of-living crisis is unacceptable. This bill punishes working families and those who are retired, who are just trying to get by. Enough is enough. Please do not pass this bill. Our taxes in Oregon are more than high enough! Thank you for giving us a reason to stay in this great state by saying no to these additional taxes. Electric vehicle owners need to be taxed mileage annually. Stop trying to tax only those who choose to remain with their current vehicles.
