Measure, Appointment or Topic: SB243

To whom it may concern:

I am opposed to SB 223 for various reasons, but there most prominent one is the fact it will only restrict law abiding individuals. How many felonies occur in Oregon using bump stocks, nil. There are already waiting periods in place when waiting for the background check. My last one took nearly 9 months!!! Then allowing local communities to decide what is an approved concealed carry locations will create havoc. How will I know if small town USA banned concealed carry at restaurants. Yet I could then be a criminal without even knowing I broke the law. Now ask yourself how will this stop a criminal that doesn't care about laws. Criminals don't care what laws you pass, gun free zones are just shooting zones to them without interruption!

Thank you, Brian Piki
