Oregonians want you to use the money that is supposed to be used for Oregon, like the lottery money and marijuana money for the things as promised not just to line the politicians pockets the only people in Oregon that are helped are the illegal aliens and homeless people whom are 75% homeless because they would sooner buy drugs and alcohol instead of having a place to live why can't you consider the citizens of Oregon that work and pay their taxes for a change instead of expecting us to pay more.
