

Submitter: Linda Gordon

On Behalf Of:

Committee: Joint Committee On Transportation Reinvestment

Measure, Appointment or Topic: HB2025

Congratulations. HB 2025 with its 35 tax and fee increases underlies the move of another successful business from the State of Oregon. The majority party and your behind the scenes maneuvers sends another company out of state. This huge tax hike transportation will have a similar effect on citizens who cannot keep up with your march forward with tax increases that are not helping people — but burdening them. That is not serving Oregonians favorably. VOTE NO on HB 2025.
