Committee: Joint Committee On Transportation Reinvestment

Measure, Appointment or Topic: HB2025

Please don't do this! We are over taxed now! Stop the liberal politics and stop breaking Federal law and we can have federal funding. My family of birth has been in Oregon since 1912, and it used to be a wonderful place to live. Now my family can't even afford to buy a home here, afford gas, food,etc. Stop this insanity! Thank you,
Karen Arnold
