

Submitter: True Houghtaling

On Behalf Of:

Committee: Joint Committee On Transportation Reinvestment

Measure, Appointment or Topic: HB2025

My family is adamantly opposed to any new legislation that results in such an damaging and ominous tax burden on the hard-working families and seniors who call Oregon our home. The state's resources have been gutted by over-spending without oversight or accountability. We VOTE NO!

Please have a conscience. This is wrong.
