I Alan McFetridge oppose the gas tax and any other conditions attached to this bill. I am a retired ranch hand on disability. I don't need any more items that are going to cost me more funds. I am barely surviving on \$1000 a month. That doesn't go very far these days. If the tax goes through I would need an extra \$600 a month to make ends meet. For a total of \$1600 a month in disability payments. Right now gas here in Enterprise Oregon is running around \$4.00 a gallon. Which is way too high. Costs me \$60.00 to fill 15 gallons. That is outrageous. You are nothing but money grabbing greedy fools. Time to start bringing prices down.
