Committee:

Joint Committee On Transportation Reinvestment

Measure, Appointment or Topic: HB2025

Please DO NOT RAISE OUR TAXES on anything! At my age, 74, and having lived in Oregon my whole life.... I am now on such fixed income I cannot continue to afford living in Oregon where my small family is if the Oregon legislators continue to raise taxes and spend money as they have for the last 20 years or so! I resent being taxed so state and local politicians can spend my money on what I call frivolous or bad choice spending on things I would never endorse. I believe in politicians spending money on issues that legal, tax-paying residents wish for and need!

Debbie
