

Submitter: Ronda Davis

On Behalf Of:

Committee: Joint Committee On Transportation Reinvestment

Measure, Appointment or Topic: HB2025

I have lived in Oregon my entire life and I love this state but not the way it has turned into an unaffordable place to live. The proposed HB2025 puts an enormous burden on average Oregonians including seniors like myself. This bill is unacceptable and my vote is a hardy and firm NO.

Do not place this burden on us!

Ronda Davis
