By passing "ANY" new tax bill it's always the middle class that pays. You need to figure out that mass transit will never pay itself and we the public are stuck paying the price. Come on, figure it out, how much waste are we paying for ? A lot of! I'm not the only person who thinks this way. Every year you say that you don't have enough money to pay for police officers and the fire departments. Those entities should be the first thing that gets paid for. Not hold it over the taxpayers heads and mean while you pass some other BS thing. How much money do we waste on just the homeless. It's insane. Pass another tax bill and I'm probably going to move out of the north west. I was born and raised here, I've been all over the world but I always came home. I'm having trouble seeing clearly in your thought processes. Please reconsider your decision on the tax bill. Thank you for your time, Matt Holst
