SB243

I strongly oppose SB243!

The passing of this bill will put many women at risk! Think about how many of us work alone, travel alone, walk through parking lots at night, a simple trip to the grocery store or the bottle stop. Maybe even just going for a jog or a walk through a park, the list goes on.

Many women of all ages have been attacked, raped and or murdered in all of the above mentioned areas and more. It's in fact happening more frequently these days. I choose NOT to be a victim and as a legal, confident, trained CHL holder I should not have the confusion of where I can or can not carry my firearm. Constitutionally I can protect myself!! My life is not yours to decide on.

Taking action on criminals and mentally ill is what needs to happen!

This bill in its entirety is ridiculous and will not fix anything! Again I oppose this bill!!

Thank you for your time.
