This so called "law" is clearly unconstitutional just like every single anti gun "law" they are null and void. These do nothing besides control us law biding people. Forced reset triggers and others ARE NOT MACHINE GUNS! They are semi auto only triggers. You are committing treason if you pass this garbage and anything else the clearly violates the 2A! As a Marine Vet, I and every other Pro 2A person in this shitty state will not comply with this or anything else! The 2A is to stop tyrants like y'all! If you wanna FAFO, You will with this and other shit.
