Committee: Joint Committee On Transportation Reinvestment

Measure, Appointment or Topic: HB2025

I understand that HB 2025 will add over \$1 billion in new taxes to Oregonians. We already have one of the highest income taxes in the U.S. and property taxes keep increasing.

I am a retired teacher and have two married children and five grandchildren in Oregon. None in our family need higher taxes. I am opposed to HB 2025.
