

Submitter: Lori Spencer

On Behalf Of:

Committee: Joint Committee On Transportation Reinvestment

Measure, Appointment or Topic: HB2025

I'm strongly in favor of supporting HR2025 and Frog Ferry. Portland's network of rivers has been core to the city's identity since its founding and the Frog Ferry initiative continues in that tradition in the best possible way. From reduction of traffic congestion to providing opportunities for both residents and visitors to experience the very best of Portland, I can't imagine a better way to help push our city forward.

Please pass this bill.
