Joint Committee On Transportation Reinvestment

Measure, Appointment or Topic: HB2025

Please vote no on this bill. All of these additional fees and taxes proposed by the transportation bill will be devastating to the poor and middle class residents of Oregon. The cost will force the poor to choose whether they feed and house their families or pay the outrageous additional fees to be able to drive legally. There will be additional consequences for them when they are caught without a current license or registration. This proposal is wrong and needs to be stopped.
