SB 238A is a helpful tool to expand the reach of the fascist state, diminish our privacy rights, and criminalize. Police currently kill with impunity. They coordinate with white supremacist groups like the Proud Boys and Oathkeepers. The Washington County Sheriff's counsel, paid with my tax dollars, shows up to continuing legal education trainings for government lawyers and tells them that the Sheriffs are itching to assist Trump and ICE in the illegal kidnapping and human trafficking of Black and brown folks. My tax dollars are working to entrench the Constitutional Sheriff movement that will ensure absolute violation of constitutional rights for marginalized people like me.

Your decision to support SB 238A will ensure that fascism will root and people like me end up in labor and death camps.
