

## **HB 2093 -1 Estate tax omnibus bill**

House Revenue Committee – Jody Wiser – June 13, 2025

My name is Jody Wiser and I am representing Tax Fairness Oregon, a network of volunteers who advocate a rational and equitable tax code.

I became aware of this amendment too late to sign up to testify.

You should only move the portability bill today.

You should absolutely not move any of the other estate tax concepts without reinstituting the \$15 million cap on the size of the estate.

Even Mannix has said that he is ok with that.

Without that cap, do nothing to “improve” the mess of a bill that SB498 was in 2023, or you reduce their willingness to make the many needed changes.
