Measure, Appointment or Topic: HB2025

My name is Kelly Katen from Tillamook, Oregon. I'm strongly opposed to HB 2025. Raising gas taxes, registration fees, and licensing costs in the middle of a cost-of-living crisis is unacceptable. This bill punishes working families just trying to get by. Enough is enough. You are killing me. I work and work and work! I cannot travel. I cannot even make it 8 hours away to see my new grandchild because gas is so high. I bought my first ever new car last week and the taxes tripled from all the used junk cars I have owned that won't make it to the edge of my county. Please give us relief in this area. The current fees are already TOO high. Stop this nonsense. Please hear me!
