I support Frog Ferry.

Frog Ferry will serve the community of St. John's and spur new and needed developments and infrastructure.

Frog Ferry will provide a sought after commute alternative and reduce road congestion.

Frog Ferry will be a draw for tourism. As a lifelong resident of Portland, I, along with many others will encourage and accompany friends and family from beyond the city to ride and enjoy Frog Ferry.

Frog Ferry is a great idea and we enthusiastically welcome this service to our community.

Thank you for Frog Ferry!
