

Submitter: Joseph Vaile
On Behalf Of: Wildlife Crossing Funding
Committee: Joint Committee On Transportation Reinvestment
Measure, Appointment or Topic: HB2025

Please support the inclusion of wildlife crossing funding. It will reduce wildlife collisions on the roadways and could help save the lives of drivers. Also, wildlife crossings have been underfunded in the state of Oregon. We need to do better, and this is our one shot to make a difference. Please include lifesaving funding for crossings.
