Committee: Joint Committee On Transportation Reinvestment

Measure, Appointment or Topic: HB2025

My name is Chris James from Estacada, Oregon. I strongly oppose HB 2025 because it's a tax nightmare set to crush hardworking Oregonians. These increased taxes and fees hurt low income families and marginalized groups the most. Oregon's cost of living is already too high—this bill will bury us deeper in debt. Please reject HB 2025 and protect working Oregonians now.
